C. No. 12524.

Kept below

In their letter No 1629 C.W. I dated 3rd December 1903, the Government of India accorded their sanction to the expenditure of the balance of the Schemes of works in connection with the Periyar Project remaining incomplete on 31st March 1897 amounting to Rs 2,71,000 and with the restrictive orders conveyed in their letter No 1021 C.W. I dated 2nd September 1902, communicated with G.O No 1187 I. dated 11th October, but they state that the expenditure charged to "J3" during the year 1902-03, the accounts of which have been closed, cannot now be transferred to "J9". This decision is based on para 2 of their letter printed with G.O No 1076 I dt 17th Sept, 2. In G.O No 811 I dated 25th August 1903, a grant of Rs 1,13,490 was made for expenditure during the current year on the Peranai regulator which was [illegible] in hand last year with an allotment of Rs 32,100. As stated in para 3 of the G.O. printed with the above order, the assignment thereof referred to was made merely in order to regularise expenditure now being incurred on the work. The Government of India having now withdrawn their restrictive orders, the grant of Rs 2,27,481 made in the budget under the head "J9" can be utilised, in which case the outlay incurred up to date this year under "J3"
