UNIVERSITY OF MADRAS.

Copy of letter dated 1st May 1933 from Mr. A.K. Govindaraj Iyengar to the Registrar, University of Madras.

I have to bring to your notice the nefarious practice of manipulating marks in the University Examinations, especially in the Oriental Examinations. To give specific instances last year Mr. Venkataswami Nattar of the Bishop Heber College passed many of his men including one A.M. Saravana Mudaliar. This year also he has made many undeserving men to pass in the preliminary examination. Here too numbers 289, 273, 719 and others may be particularized including that of the said Saravana Mudaliar. The other Examiner of the National College has been threatened and his valuation requires revaluation. I hope necessary steps will be taken to remedy such irregularities.

✓ Communicated to the Chairman, Oriental Titles Examinations (Jamil) for such action as he considers necessary.
